

OVERFLY OF THE PANAMA CANAL ON HELICOPTER

Arrival at 9 a.m. to Albrook airport, former U.S. army base, to overfly the Panama Canal. Once the check-in is done, we will take off and overfly the area of the former U.S. bases of Albrook and Clayton. On the left side, we will see the Panama Canal and the first locks of Miraflores and then those of Pedro Miguel. We will fly Culebra Cut, which is the narrowest part of the Panama Canal and you will see the Canopy Tower, well-known bird observatory. You will enjoy with the progress of the expansion of the Canal in the Pacific area.

We will end by overflying the modern city of Panama and its majestic skyscrapers. Finally, we will land at the Albrook airport where our tour finishes.

Flying time on helicopter: Half hour tour.

Note: the tour is subject to weather conditions.
